

## **Radhakrishnan (Radha) Mahalingam**

*Global Technology Executive | AI Entrepreneur | Executive Coach | Aspiring Independent Director*

New York, USA · rmkrishn@gmail.com · [LinkedIn](#)

---

**Radha Mahalingam** is a seasoned technology and business transformation executive with over 25 years of global leadership experience across Fortune 500 enterprises, technology consultancies, and entrepreneurial ventures. A former executive at IBM, DXC Technology, and PwC, Radha is recognized for driving enterprise-scale transformation at the intersection of digital modernization, AI innovation, and operational excellence.

He is currently the Founder and Chief Product Officer of **RKAI Techsolutions Inc.**, where he leads the development of **CortexCatalyst**—a next-generation Agentic AI platform reimagining lifelong learning, leadership growth, and organizational reinvention. Radha integrates cutting-edge technologies such as large language models, cognitive systems, and knowledge graphs to build scalable solutions that blend human and machine intelligence.

As a senior leader, Radha has managed a **\$4.7B P&L**, led **global teams exceeding 45,000**, and delivered transformative results across industries including financial services, healthcare, telecom, aerospace, and retail. He is widely respected for transforming complex technology environments, advancing organizational agility, and mentoring emerging technology leaders.

Radha holds an **MBA in Finance** from the *University of Georgia* and a **Master of Computer Applications** from *Savitribai Phule Pune University*. He is a graduate of the **Wharton CTO Program**, a **Certified Management Accountant (CMA)**, and an **ICF-Certified Executive Coach (PCC)**. His multidisciplinary expertise spans strategy, finance, technology, and leadership development.

---

### **Currently open to:**
